### **Counseling Center Philosophy:**

**Providing quality and  
culturally sensitive  
counseling services**

**to all individuals**

**who seek medical and emotional  
care from**

**Clínica Msr. Oscar A. Romero.**

### **Mission**

**To provide quality and  
affordable health care,  
advocacy, and health  
education to the  
uninsured and  
underserved  
communities of greater  
Los Angeles.**

**Welcome to  
Clínica Msr. Oscar A. Romero  
Counseling Center**

Clínica Msr. Oscar A. Romero was established in 1983. Archbishop Romero was a Catholic priest who advocated for the rights of oppressed individuals in El Salvador. Romero's unfortunate passing on March 24, 1980, motivated the community to honor his legacy by naming a clinic after him and establishing comprehensive medical care to all individuals who seek services.

Since 1983 Clínica Romero has been providing free and low cost medical services to the uninsured and underserved and in the past five years has established a counseling component that addresses the behavioral and emotional needs of the established clientele.

Clínica Romero offers counseling services at its two medical practice sites located in Boyle Heights/East Los Angeles and Pico-Union/Westlake communities that form part of the City of Los Angeles. Our Counseling Center strives to implement evidenced-based and other forms of counseling services that address the varied social issues impacting our communities. We welcome you to the Counseling Center and hope to offer you and your loved ones quality and culturally sensitive counseling services

**Social Work Training Program**

---

Clínica Msr. Oscar A. Romero is in active collaboration with various accredited graduate and undergraduate Social Work programs located in Southern California.

The training program focuses on providing graduate and undergraduate students an opportunity to apply learned theory and skills to clients of the Counseling Center. Students receive individual and group field instruction with an emphasis on the Counseling Center's philosophy of providing quality and culturally sensitive counseling services. Social work students are also exposed to community organization, grant writing, advocacy, and community outreach. Be

part of Archbishop Romero's vision and join the Counseling Center.

**Alcohol and Drug Counselor**

**Internship Program**

---

Clínica Monsenor Oscar A. Romero is in active collaboration with drug and alcohol counseling programs in Southern California in order to train and certify candidates for the drug and alcohol state counselor certification. Interns shadow existing drug and alcohol counselors in performing group counseling, drug testing, and individual substance use counseling.

**Counseling Center Volunteer**

---

**Program**

---

Our volunteer program is composed of clinical and non-clinical individuals who strive to support Clínica Romero's vision by rendering much needed counseling services to our clientele, clinical wisdom to our students, and expertise regarding grants and program development. Come and support the Counseling Center's philosophy and make the center a reputable one.
